

Tomorrow

Tomorrow is a better day,
A blank slate in the making.
Full of promises, changes, and joy
Yours for the taking.
Today is tomorrow's past,
In which you can make all things forgotten.
All things terrible, hurtful, or rotten.
Tomorrow's memories can be the best.
Oh-so much better than the rest.
Don't soon forget and listen well,
As I give you insight on how
To make your tomorrow swell.
Tomorrow is what you want it to be.
With a positive attitude even you
Shall soon see.
